

MUSK THISTLE

HABITAT HEROES

Hike & Musk Thistle Round-Up STRIKE 2

SHADOW MOUNTAIN

Tuesday, July 29th

8:30 AM - 1:30 PM

Musk Thistle has become a common site in campgrounds and along roads in this popular recreation area. The Habitat Heroes are working to stop its spread into the back country.

Join Teton County Weed & Pest District, Hole Hiking Experience, Friends of the Bridger Teton, and other Habitat Heroes on our 2ND Musk Thistle Round-Up of 2025. Our work will focus on preventing reproduction by removing flowerheads, and "root-slaying" mature plants.

PROVIDED: Tools, gloves, water, snacks
PLEASE BRING: Water bottles, sunscreen, MORE snacks!
Expect: A hike of 2-3 miles along rolling terrain with beautiful views and abundant wildflowers.

[Register Here by July 28th](#)
